

Data Sheet

The Easy Pliable & Quick Solution when treating your horses foot.

EQWELLI® is an all weather turn-out boot made from heavy duty treated canvas with a reinforced flexible PVC base.

This product is NOT intended for use with shoes still fitted or for use on concrete or tarmac surfaces.

It is water resistant but not waterproof

Weight: lightweight only 300g per boot

Available in three sizes Large, Medium & Small.

We also offer a speedy bespoke service.

Our New website allows animal owners to customise a boot for their own animals if the requirement falls outside our standard equine range.
